

# TAA-compliant mobile workstations

Mobile workstations are fully compliant with the Federal Trade Agreements Act (TAA) for GSA Schedule purchases.

## Make any space a high-performance workstation

Mobile workstations help healthcare and business professionals make hectic, unpredictable workspaces more manageable. Perfect for mobile medical documentation, creative collaboration and dynamic sales presentations, the workstations have swivel casters to move medical IT or other electronics within a room or throughout a building for cost-effective resource sharing.

The ivory color of the workstations allows them to blend seamlessly into healthcare settings or offices with light-colored contemporary décor.

The workstations comply with the Federal Trade Agreements Act (TAA), making them eligible for purchase by government agencies and government contractors.

### TAA compliance

- All parts and accessories are TAA compliant for GSA Schedule purchases.

### Convenient workspace enhancements

- Smooth-rolling casters on mobile workstations make it easy to relocate IT equipment and maximize usage. The casters lock into place to keep the workstations in position while at rest.
- Cable access ports on select models help organize cords and prevent clutter.
- Drawers on select models conveniently store electronics and other items when not in use; the locking drawer on WWSS1DWSTAA deters theft.
- Built-in mouse pads fold neatly into the unit to preserve desk space (WWSS2DWSTAA and WWSS1DWSTAA only).

### Broad compatibility

- Adjustable-height desktop and shelves on mobile workstations help end users work in comfort.
- Monitor arm on WWSS1DWSTAA supports a display up to 24 inches with a 75x75, 75x100, 100x75 or 100x100 VESA mounting pattern.

### Protective design

- Steel frames provide durability for everyday use in busy environments.
- WWSS1DWSTAA's keyboard tray slides under the desk surface when not in use to preserve space and protect the keyboard from damage.

## Feature focus

- Single (WWSS1DWSTAA) or dual (WWSS2DWSTAA) mouse pads slide beneath the top work surface when not in use.
- One or two drawers store supplies. Drawer on WWSS1DWSTAA locks for added security.
- Support post(s) have built-in tracks for easy up/down adjustment of shelves\*.
- Adjustable MDF shelves can be removed\*\*.
- Cable access ports.
- Locking 4 in. swivel casters.
- Keyboard tray slides under the work surface when not in use.
- VESA-compliant monitor bracket swivels and tilts for optimal viewing angles.
- Rear handle enables easy positioning.

\* Adjustable brackets/shelves can be positioned anywhere along the full length of the post(s).

\*\* The bottom shelf on WWSSRSTAA and WWSS2DWSTAA and the base on WWSS1DWSTAA are not adjustable.
