CHARGING STATIONS & CARTS

USB and AC Charging Stations and Carts

Charge, sync, secure and organize up to 48 tablets or 36 laptops in a locking steel enclosure.

Recommended for:
- iPad®
- Android™
- Kindle™
- Surface®
- Chromebook™
- MacBook®
- Ultrabook™
- Full-Size Laptops
Charge, Sync, Secure and Organize All Your Mobile Devices

Mobile devices like tablets, Chromebooks, laptops and smartphones have influenced every organization. As devices continue to multiply, charging and storing them becomes a challenge that calls for a purpose-built solution.

Tripp Lite charging stations and carts deliver outstanding value everywhere mobile devices are in use, including education, healthcare, retail, commercial, industrial and office settings. They secure up to 48 devices inside a locking steel enclosure, providing high-speed USB or AC charging, convenient syncing, comprehensive protection, clutter-reducing organization and flexible deployment.

HIGH-SPEED CHARGING
- Models with USB charging provide up to 2.4A per device.
- Models with AC charging provide an outlet for each device.

USB models provide the fastest charging supported by each device, up to 2.4 amps per port, increasing device availability. Capable of charging 16, 32 or 48 tablets, USB models can also charge smartphones and other USB devices.

AC models provide an outlet for each device’s power adapter. They can charge 36 Chromebooks, laptops or tablets.

CONVENIENT SYNCING (USB Models)
- Wired syncing updates software, backs up data and returns devices to standard configurations without taxing busy Wi-Fi networks. USB and AC models also allow wireless syncing.

COMPREHENSIVE PROTECTION
- Steel enclosure locks securely with included keys to discourage device theft, damage or tampering.
- Powder-coated finish promotes long-term durability.
- Flow-through ventilation moderates temperatures.
- Protective shelf finish helps prevent device scratches.
- Rubber grommets reduce cord wear.
- Extra-secure 3-point lock latches doors at top, middle and bottom (most models).
- Padlock hasp and cable/chain lock ports support supplemental user-supplied locks (select models).

CLUTTER-REDUCING ORGANIZATION
- Device slots fit full-size laptops (select models).
- Removable dividers accommodate larger devices.
- Built-in cord management reduces cable clutter.
- Doors open at least 180° for improved access to devices.
- Toolless access panels conceal USB ports and cord slack, but remove easily for access (select models).
- Outlets on AC models accommodate bulky power adapters without blocking adjacent outlets.

FLEXIBLE DEPLOYMENT
- Most models are available as mobile charging carts or charging stations that support optional cart conversion.
- USB models include rear wall-mount slots and also support placement on a desk, table, counter or floor.
- All models arrive ready for quick deployment, with minimal assembly requirements.

CONVENIENT MOBILITY (CARTS)
- Wide-grip handle assists cart control.
- Swivel casters with large, non-marking wheels improve handling over uneven surfaces.
- Casters lock to help prevent unwanted movement when cart is at rest.
- Input cord wrap keeps cord out of the way when moving cart from room to room.
CSCXS36AC 36-Device AC Charging Cart
- Extra-Secure 3-Point Lock (Front and Back Doors)
- Wide-Grip Handle
- Solid Wood-Grain Laminate Worktop
- Locking Swivel Casters with Large, Non-Marking Wheels
- Built-In Cord Management
- Protective Shelves with Removable Dividers
- Flow-Through Ventilation
- Protective Bumpers
- Hasp for Optional Padlock (Front Door)
- Easy-Access Door (Opens 180°)
- Locking Rear Compartment (Power Strips and Removable Baskets for AC Adapters)
- Durable Powder-Coated Finish (Black or White)
- Built-In Cord Management
- Easy-Access Door (Open 180°)
- Input Cord Wrap
- Protective Shelves and Cord Grommets

CSC32USB 32-Device USB Charging Cart
- Solid Steel Worktop
- Locking Steel Enclosure
- Durable Powder-Coated Finish (Black or White)
- Built-in Cord Management with Protective Grommets
- Locking Swivel Casters with Large, Non-Marking Wheels
- Hasp for Optional Padlock
- Easy-Access Door (Opens 180°)
- Toolless Access Panel (Conceals USB Charging Ports and Cord Clutter)
- Extra-Secure 3-Point Lock
- Flow-Through Ventilation
- Built-in Cord Management
- Easy-Access Doors (Open 180°)
- Input Cord Wrap

CS16USB 16-Device USB Charging Station
- Locking Steel Enclosure
- Durable Powder-Coated Finish (Black or White)
- Easy-Access Door (Opens 180°)
- Protective Shelves and Cord Grommets
- Flow-Through Ventilation

CS48USB 48-Device USB Charging Station with CSHANDLEKIT Mobile Cart Conversion Kit
- Wide-Grip Handle
- Hasp for Optional Padlock
- Easy-Access Door (Opens 180°)
- Durable Powder-Coated Finish (Black or White)
- Locking Steel Enclosure with Extra-Secure 3-Point Lock
- Locking Swivel Casters with Large, Non-Marking Wheels
- Input Cord Wrap (On Back)
- Flow-Through Ventilation
