Tablet Mounts

Comfortable, space-saving, hands-free tablet viewing

Tablet mounts can quickly install tablets in optimal locations.

Perfect for:

Mounting tablets for home viewing, and for use as menus, wayfinders and other public guides.

Tablets can tie-up hands, cause poor posture and occupy precious desktop space. Tablet mounts conveniently hold most tablets up to 13 in. as well as select smartphones. Six models designed for desktop, wall-mount or floor stand applications can improve comfort and viewing angles, declutter work areas and enhance device security.

Tablet mounts are easy to install and adjust, with models available for personal desktop use as well as commercial applications. They are ideal for providing customized, secure tablet viewing in kitchens, home offices, medical offices and high-traffic public spaces.

Key benefits

HANDS-FREE TABLET EXPERIENCE

- Tablet mounts are convenient, personalized display mounts that offer an improved tablet computing experience.

VIEW OPTIMIZATION

- Dynamic tablet positioning options provide optimal viewing angles for improved comfort and ergonomics.
- Desktop models feature swivel, tilt and rotate capabilities, including portrait-to-landscape rotation.
- Wall-mount models can be attached to a user-supplied mounting arm for extending the tablet away from the wall and making angle adjustments.
- The DMTBS911 floor stand model features tilt, portrait-to-landscape rotation and height adjustment.

SPACE-SAVING PLACEMENT OPTIONS

- Mounts free up space on desks, floors and other surfaces.

BROAD COMPATIBILITY

- Mounts accommodate most tablets up to 13 in. and up to 2.2 lb., as well as many smartphones.

DURABLE CONSTRUCTION

- Rugged design withstands the rigors of everyday use.

CONVENIENT SETUP

- Desktop models can be set up in seconds with no additional tools required.
- Wall-mount models can be attached to 75 x 75 VESA-compliant mounting arms.
- Floor stand models are freestanding for quick and easy setup and relocation.

POLISHED PRESENTATION

- Cable management features on floor stand models reduce cord clutter for a professional look and feel.

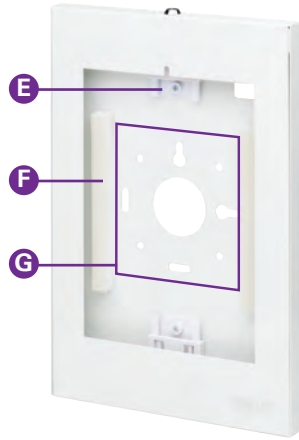

DEVICE SECURITY

- Key-locking bracket on wall-mount and floor stand models deters tablet theft.
- Optional bolt-down floor base on DMTBS911 provides extra security and stability.
- Lockable lower cabinet on DMTBS13 securely stores power strips, cables and other accessories.

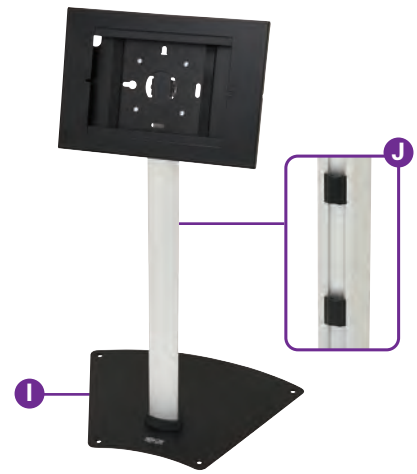

Feature focus

Model: DMTB413

Model: DMTB11

Model: DMTB911

Model: DMTBD413

*DMTB911 comes with backstand installed. Backstand must be removed to attach VESA arm.

Model: DMTBS13 (back)

Desktop Models

(DMTB413 & DMTBD413)
