

# **NEW PRODUCT ANNOUNCEMENT!**

# **Universal Panel Mount & Keystone Jack Products Customize Installations**

### **Organize & Manage All Types of Connections**

Universal patch panels feature blank cutouts compatible with virtually every type of keystone jack or snap-in coupler. Each patch panel mounts easily into 1U or 2U of any EIA-standard 19-inch wide rack or enclosure.

- Accommodates all keystone jacks, including RJ45 Ethernet, HDMI, USB, DisplayPort/Mini DisplayPort, audio/video, and voice
- Ports are numbered for easy connection identification
- Choose 12, 16, 24 or 32 ports
- Also available: N062-024-KJ-SH rack-mount 24-port shielded panel with grounding wire and rear cable manager to keep cabling neat and organized

#### **Limitless Combinations of Connections**

Keystone jacks and snap-in couplers allow you to customize a patch panel or wallplate with any combination of connections that suits your installation.

These simple solutions add versatility with virtually millions of combinations of jacks and couplers - configure your installation in the most efficient and organized way to reduce cable clutter, color-code connections and put ports where you need them.

## **Tripp Lite Keystone Panels, Jacks and Cable Solutions**
