

Powering and Connecting Your World

NEW PRODUCT ANNOUNCEMENT

Power Banks with USB-C Charging

Charge Multiple Mobile Devices Without an AC Outlet

Tripp Lite's portable power banks are a convenient solution when mobile devices need on-the-move charging.

Perfect for:

Quickly charging multiple USB devices when away from the home or office.

Tripp Lite's new portable power banks keep USB devices charged when you're on the move and unable to access an AC outlet. With up to 45W charging capacity in a compact form factor, these power banks offer a fast-charging solution that travels with you conveniently in a laptop bag, purse or pocket. With both USB-C and USB-A ports, and the ability to charge up to three devices simultaneously, they are ideal for keeping your smartphone, tablet and wearable electronics charged amid a busy schedule.

Key Benefits

HIGH-PERFORMANCE CHARGING

- Lithium-ion battery with up to 20,100 mAh capacity provides robust charging.
- USB-C Power Delivery (PD) 3.0 technology charges devices quickly (select models).

CONVENIENT OPERATION

- Small, lightweight design fits easily into laptop bags, backpacks, pockets and purses.
- LED lights indicate a connected USB device's charging status as well as the power bank's charging capacity.

WIRELESS CHARGING

- Qi charger on UPB-10K0-1U1CQ model wirelessly charges Qi-enabled devices.

BROAD COMPATIBILITY

- Power banks charge Apple, Android, Windows and other leading mobile electronic brand devices.
- USB-C and USB-A ports accommodate different cable connectors for convenient adaptability.

SAFE AND EFFICIENT OPERATION

- Short circuit, overvoltage, overcurrent, over-charge and overdischarge protection allows for worry-free charging.
- USB-IF certified operation (select models) meets the industry's highest environmental, mechanical and electrical standards for quality.

Feature Focus

A Qi Charger

Provide up to 10W wireless charging to Qi-compatible devices.

B Power Button

Activate the power bank, prompt LED lights and select which devices you want to charge. (functionality varies by model)

C LED Lights

Indicate the power bank's battery capacity from 0-100%.

D USB-A Port(s)

Provide up to 5V/2.4A (12W) of total power per port (varies by model).

E USB-C Port

Provides input charging for the power bank and up to 20V/2.25A (45W) charging (varies by model) for connected devices.

F Included Charging Cables

Connect the power bank to a charging source via USB-A/USB-C (M/M) or USB-C (M/M) plugs.

Comes with UPB-10K0-1U1CQ

Comes with UPB-10K0-2U1C, UPB-20K0-2U1C

Model: UPB-10K0-1U1CQ

Does not support wired and wireless charging simultaneously

Model: UPB-10K0-2U1C

Model: UPB-20K0-2U1C
