

# Eaton UPS Battery Integration System with Casters

MODEL NUMBER: **BINTSYS**

Mounts your 9PX UPS system and accessories in a single mobile unit.

## Features

### Designed Exclusively for Eaton's 9PX UPS System

This Battery Integration System mounts your 9PX UPS system and its connected accessories in one compact space. Stack your UPS system, external battery modules, power modules and step-down transformer vertically in a compact footprint. Attach the included metal plates to secure all components. Four heavy-duty casters are included for rolling the unit where needed. Two casters lock into position to prevent movement while the 9PX is in use, and four leveling feet hold the unit securely in place. The BINTSYS is compatible with Eaton's 5kVA to 11kVA 9PX models.

## Highlights

- Configurable platform designed exclusively for Eaton 9PX UPS systems
- Vertically stacks UPS and accessories into one compact footprint
