

3-Phase Managed HDX Rack PDU G4, 208V, 48 Outlets (24 C13 + 24 C39), 100A, 36kW, Hardwired Input, 0U Vertical, TAA

MODEL NUMBER: EMAGKEA5A5A5A5L

Managed PDU with ultra-high-density power is ideal for GPU-intensive enterprise data centers, colocation data centers and edge computing applications.

Features

Provides Enterprise-Quality Power Distribution to Ultra-High-Density Rack Equipment

The EMAGKEA5A5A5L HDX Rack PDU G4 is ideal for deployment within a rack in an enterprise data center, colocation data center or distributed IT infrastructure. Equipped to meet even the most diverse data center rack power needs, the EMAGKEA5A5A5A5L delivers versatile, enterprise-quality power distribution for GPU-intensive applications like HPC, supercomputing, generative AI and high-frequency trading that require extremely high power density.

Market-Leading Cybersecurity Ensures Your Data Is Kept Safe

Chain-of-trust encryption and secure firmware boot capability prevent the HDX Rack PDU G4 from being a cyberattack vulnerability point on a network. An embedded, hot-swappable Gigabit Network Module (GNM) with menu-driven LCD offers enhanced management and cybersecurity, including zero-trust architecture, zero-touch provisioning and a user-configurable firewall.

Compatible with Brightlayer Data Centers Suite Software

The HDX Rack PDU G4 integrates smoothly via SNMP or MQTT with digital solutions from Eaton's Brightlayer Data Centers suite. This includes Distributed IT Performance Management (DITPM) and Data Center Performance Management (DCPM) software. DITPM allows you to manage and control assets installed at your remote locations, as well as proactively identify and automate actions to prevent IT equipment downtime. DCPM monitors and manages your power, space, connectivity and cooling resources across one or more facilities while charting trends, sending alerts and generating reports.

Remote Management Saves Time and Money

For smaller environments, you can connect to PDUs using a standard web browser and receive email alerts. The GNM supports performance management software for real-time reports, trend charts, dashboards and alerts that are prioritized by severity, as well as remote troubleshooting and automated responses during power events. The HDX Rack PDU G4 is compatible with up to three optional environmental monitoring probes (EMPDT1H1C2, sold separately) that provide alerts about temperature, humidity and dry-contact device connections.

Individual Outlet Monitoring and Control Boost Performance and Efficiency

The EMAGKEA5A5A5A5L features 24 C13 outlets and 24 C39 combo outlets, which accept both C14 and C20 connectors, adding flexibility to deployments and reducing the quantity of PDU types you will need to

Highlights

- High-power PDU capable of supporting multiple GPU/LPU servers in a single rack
- Recommended for GPUintensive applications like HPC and generative AI
- Hot-swappable Gigabit Network Module offers industry-leading cybersecurity
- Outlet-level control and remote management help reduce costs and increase efficiency
- Compliant with the Federal Trade Agreements Act (TAA) for GSA Schedule purchases

Package Includes

EMAGKEA5A5A5A5L 3-Phase Managed HDX Rack PDU G4

purchase and install. All 48 outlets provide remote control and power-cycling of connected devices to save the time and cost of site visits. You can program sequential startups to manage inrush current and shed nonessential loads to increase the runtime of critical equipment during outages. You can even remotely shut down outlets to prevent unauthorized devices from causing overloads.

Convenient Box-to-Rack Installation

Preinstalled toolless mounting buttons reduce installation time. Circuit breakers and corresponding outlets are distributed across the length of the PDU for easy cable routing. You can cascade up to 32 EMAGKEA5A5A5AL models with each model maintaining its own individual IP address from a single network connection point.

TAA-Compliant for GSA Schedule Purchases

The EMAGKEA5A5A5L is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.

Specifications

OVERVIEW		
UPC Code	037332296351	
PDU Type	Managed	
INPUT		
Input Phase	3-Phase	
PDU Input Voltage	208	
Nominal Input Voltage(s) Supported	200-240V 3-PH Delta	
Nominal Input Voltage Description	3P: 208V	
Recommended Electrical Service	Three-phase 208V service	
Maximum Input Amps	100	
Input Connection Type	Hardwire	
PDU Plug Type	Hardwire	
Voltage Compatibility (VAC)	208; 3-Phase	
Input Plug Type	Hard-wire	
Input Cord Details	Hardwire	
Input Cord Length (ft.)	0	
Input Cord Length (m)	0.00	
ОИТРИТ		
Output Capacity (kVA)	36.02	
Output Capacity (Watts)	3602	
Output Capacity (kW)	36.02	
Output Capacity Details	36kW (208V) total capacity; 100A max per output phase	
Frequency Compatibility	50 / 60 Hz

Mounting Details	Factory-installed shoulder-style aluminum mounting buttons. 61.25" center-to-center Alternative flush-style mounting buttons also included with PDU.	
ENVIRONMENTAL		
Operating Temperature Range	32° to 140°F (0° to 60°C)	
Storage Temperature Range	-13° to 149°F (-25° to 65°C)	
Relative Humidity	5% to 95% non-condensing	
Operating Elevation	0-10000 ft. (0-3000 m)	
Storage Elevation (ft.)	0-50000 ft. (0-15240 m)	
COMMUNICATIONS		
Network Monitoring Port	Serial/Ethernet ports for environmental monitoring and daisy-chain connections	
Network Compatibility	10 Mbps; 100 Mbps (Fast Ethernet); 1 Gbps (Gigabit); 1000 Mbps	
Network Speed Details	10 Mbps; 100 Mbps (Fast Ethernet); 1 Gbps (Gigabit); 1000 Mbps	
Network Management Card Description	Eaton Gigabit Network Module G4	
FEATURES & SPECIFICATIONS		
High Availability PDU Features	Advanced cybersecurity; Remote management of individual outlets	
STANDARDS & COMPLIANCE		
Product Certifications	UL Listed; cUL Listed	
Product Compliance	CE (Europe); FCC Part 15 Class A (USA); Trade Agreements Act (TAA)	
WARRANTY & SUPPORT		
Product Warranty Period (Worldwide)	3-year limited warranty	
Product Warranty Period (U.S. & Canada)	3-year limited warranty
