

## Cat6 Gigabit Molded Ultra-Slim UTP Ethernet Cable (RJ45 M/M), Blue, 7 ft.

MODEL NUMBER: N200-UR07-BL

Cat6 Ethernet cable, just 2.8 mm thick, connects critical components, such as servers, switches and routers, in Gigabit networks.

### Features

**Cat6 Cable Ideal for Connecting Equipment in Your Gigabit Ethernet Network** This Cat6 Ethernet cable with RJ45 connectors is recommended for connecting network components like printers, computers, copiers, routers, servers, modems and switches in high-density data centers. Designed for fast transmission and excellent signal quality, this seven-foot cable ensures peak performance throughout your local area network (LAN).

**Special Ultra-Slim Design for Better Airflow and Easier Installation** The N200-UR07-BL is just 2.8 millimeters in diameter—more than 50% smaller than standard Cat6 cable. This increases airflow in crowded equipment racks, which helps keep your components cool and properly functioning. The extra-slim design also makes the cable easier to install around corners and through cable management panels.

**Color-Coded to Avoid Misidentification That Can Cause Costly Downtime** The PVC jacket is colored blue to allow easy, fast identification in a crowded rack or workstation and help prevent the cable from becoming inadvertently disconnected.

**Premium Construction for Superior Performance** Manufactured from 32 AWG copper wire, the four-pair stranded cable is rated for speeds up to 1 Gbps. The ends feature 3-micron gold plating to help ensure the most accurate signal transfer possible. Integral strain relief gives the unshielded cable extra flexibility, reduces stress, and helps the cable move freely without cracking or breaking loose from the connector.

### Highlights

- Premium Cat6 cable rated for high-speed 1 Gbps home/office communications
- Over 50% slimmer than standard Cat6 cables to increase airflow in full racks
- Easy to route around corners and through crowded cable management panels
- 32 AWG copper wire and 3 μm gold-plated connectors allow superior signal transfer
- Color-coded blue for fast, easy identification in a crowded rack or workstation

### Applications

- Connect a computer and its peripherals to a home or office Gigabit Ethernet network
- Connect switches, modems and servers in a high-density data center
- Replace standard-diameter cables in crowded racks and patch panel installations to improve airflow

### Package Includes

- N200-UR07-BL Cat6 Ultra-Slim Ethernet Cable (RJ45 M/M), Blue, 7 ft.

## Specifications

OVERVIEW	
UPC Code	037332256942

<b>INPUT</b>	
Cable Length (ft.)	7
Cable Length (m)	2.1
Cable Length (in.)	84
<b>PHYSICAL</b>	
Cable Jacket Type	PVC
Cable Outer Diameter (OD)	2.8mm
Cable Shielding	UTP
Color	Blue
Crossover Wiring	No
Material of Construction	PVC
Snagless Connector	No
Wire Gauge (AWG)	32
Wire Type	Stranded
<b>ENVIRONMENTAL</b>	
Operating Temperature Range	14 to 104 F (-10 to 40 C)
Storage Temperature Range	5 to 122 F (-15 to 50 C)
Operating Humidity Range	0% TO 90% RH, Non-Condensing
Storage Humidity Range	0% TO 90% RH, Non-Condensing
<b>COMMUNICATIONS</b>	
Network Speed	1Gbps
<b>CONNECTIONS</b>	
Side A - Connector 1	RJ45 (MALE)
Side B - Connector 1	RJ45 (MALE)
Contact Plating	Gold
<b>FEATURES &amp; SPECIFICATIONS</b>	
Technology	Cat6
<b>STANDARDS &amp; COMPLIANCE</b>	
Certifications	RoHS and REACH
<b>WARRANTY</b>
