Cat8 40G Snagless SSTP Ethernet Cable (RJ45 M/M), PoE, Black, 15 ft. (4.6 m)

MODEL NUMBER: **N272-F15-BK**

Cat8 cable with Power over Ethernet (PoE) connects critical components, such as servers and switches, in 40G Ethernet networks.

Features

High-Speed Cat8 Cable Up to 4 Times Faster Than Cat6a for Your High-Density Network
This certified Cat8 cable transmits 40 Gbps data, voice and audio/video signals through high-speed 40G equipment, such as high-speed switch-to-switch communication devices in your data center. Not only is its 40 Gbps data transfer speed four times that of Cat6a cable, but this Cat8 Ethernet cable also supports bandwidth up to 1200 MHz for carrying information and streaming video with no lag.

Supports Power over Ethernet to Save You Money and Give You More Installation Choices
Because this Cat8 shielded cable supports PoE, it can supply the power to operate compatible PoE devices, including network switches, security cameras, equipment sensors and wireless access points. This saves you the expense and effort of purchasing, connecting and installing individual power supplies for each device. It also helps you install PoE devices in areas far away from AC outlets, such as poles or ceilings.

Premium Protection from EMI/RFI Line Noise Helps Your Equipment Perform Better
The 26 AWG SSTP (screened shielded twisted pair) cable's screened shielding blocks disruptive line noise that can disturb your electronics and inflict hardware damage or data loss. This EMI/RFI filtering also helps your connected components perform better and last longer. Near-end crosstalk (NEXT) levels are practically eliminated, so you don't have to worry about keeping your cables separated in crowded pathways or spend valuable time on field testing.

Snagless RJ45 Male Connectors Add Extra Protection During Installation
The RJ45 connectors' snagless design protects the locking tabs from being damaged or broken off during installation. Integral strain relief provides extra flexibility, reduces stress and helps the cable move freely without cracking or breaking loose from the connector.

Black Jacket Helps Avoid Misidentification That Can Cause Costly Downtime
This Cat8 Ethernet cable features a durable black PVC jacket, which is easy to identify quickly in a crowded patch panel or switch and helps prevent the cable from becoming accidentally disconnected.

Specifications

OVERVIEW	
UPC Code	037332281883
Technology	PoE; Cat8

CONNECTIONS	
PoE Capability	30W (802.3at)
Side A - Connector 1	RJ45 (MALE)
Side B - Connector 1	RJ45 (MALE)
Crossover Wiring	No
Connector Plating	Nickel
Contact Plating	Gold
PoE Type	Type 2 PoE+ (30W, IEEE 802.3at)
Connector Type	Snagless
Wiring Configuration	EIA/TIA 568B
Angled Connector	No

PHYSICAL	
Cable Jacket Color	Black
Cable Jacket Material	PVC
Cable Jacket Rating	CM
Cable Shielding	SSTP
Cable Outer Diameter (OD)	6.0 mm
Number of Conductors	4 Pair
Conductor Material	Stranded Copper
Conductor Gauge	26 AWG
Cable Length (ft.)	15
Cable Length (m)	4.57
Cable Length (in.)	180
Shipping Dimensions (hwd / in.)	10.00 x 8.00 x 0.50
Shipping Weight (lbs.)	0.41
Shipping Weight (kg)	0.19
Unit Dimensions (hwd / in.)	10.000 x 8.000 x 0.500

ENVIRONMENTAL	
Operating Temperature Range	14° to 122°F (-10° to 50°C)
Storage Temperature Range	-5° to 140° F (-15° to 60° C)

Relative Humidity	0% to 90% RH, Non-Condensing
Operating Humidity Range	0% to 90% RH, Non-Condensing
Storage Humidity Range	0% to 90% RH, Non-Condensing

COMMUNICATIONS	
Bandwidth per TIA Standard	1000 MHz
Maximum Bandwidth as Tested	1200 MHz
Network Compatibility	40 Gbps
IEEE Standards Supported	802.3at

FEATURES & SPECIFICATIONS	
Antibacterial	No
IP68 Rated	No
Snagless Connector	Yes

STANDARDS & COMPLIANCE	
Product Certifications	CAN/CSA-C22.2 No. 214-17 (Canada); UL 444
Product Compliance	CE (Europe); IEEE 802.3at PoE+; REACH; RoHS; UKCA; WEEE

WARRANTY & SUPPORT	
Product Warranty Period (Worldwide)	Lifetime limited warranty
