Computer Cable, AT Serial Gold Adapter

MODEL NUMBER: **P100-000**

Description

Tripp Lite's AT style serial adapter has gold plated connectors and will connect a serial device with a DB9 connection to a DB25 cable or port. PVC premold encapsulates individual conductors to ensure electrical isolation and relieve stress. 28 AWG stranded tinned copper conductors are individually insulated in polypropylene. This minimizes cross talk and ensures high-speed, error-free transmission. Tripp Lite warrants this product to be free from defects in materials and workmanship for life.

Features

- Connects a DB9 serial device to a DB25 cable or port
- Gold plated contacts and connectors for superior conductivity
- Tripp Lite warrants this product to be free from defects in materials and workmanship for life

Highlights

- Inexpensive alternative to buying new cables
- Converts DB9 male serial port to a DB25 male serial port
- Fully shielded against EMI/RFI interference

System Requirements

- DB25F serial port on a PC or cable.

Package Includes

- AT Serial Adapter Block DB9F to DB25M Gold Connectors
