# Cross Brace Kit for RapidPod Aisle Containment System - 42”H

MODEL NUMBER: RAPODXBRACE42

Steel containment rail provides additional lateral support for your modular RapidPod Aisle Containment System.

## Features

### Modular Customization of Your RapidPod Aisle Containment System

This cross brace kit provides robust support for your RapidPod® Aisle Containment System, ensuring stability and alignment in high-demand environments. A 42-inch containment rail provides lateral support across panels, minimizing flex and maintaining alignment. A trapezoid gusset bracket adds diagonal reinforcement at critical junctions, distributing load and preventing sway. Whether you're building a temporary isolation room or a permanent containment zone, this silver steel brace kit delivers the strength and precision your setup demands.

## Highlights

- Precision-crafted steel construction ensures structural stability and alignment
- Modular assembly allows for quick configuration and adjustment
- Designed for simple assembly and reinforcement in high-demand environments

## Package Includes

- Containment rail, 42 in.
- (2) Trapezoid gusset brackets
- (4) Screws, 5/16-18

## Specifications
