Cross Brace Kit for RapidPod Aisle Containment System - 60”H

MODEL NUMBER: RAPODXBRACE60

Steel containment rail provides additional lateral support for your modular RapidPod Aisle Containment System.

Features

Modular Customization of Your RapidPod Aisle Containment System

This cross brace kit provides robust support for your RapidPod® Aisle Containment System, ensuring stability and alignment in high-demand environments. A 60-inch containment rail provides lateral support across panels, minimizing flex and maintaining alignment. A trapezoid gusset bracket adds diagonal reinforcement at critical junctions, distributing load and preventing sway. Whether you're building a temporary isolation room or a permanent containment zone, this silver steel brace kit delivers the strength and precision your setup demands.

Highlights

- Precision-crafted steel construction ensures structural stability and alignment
- Modular assembly allows for quick configuration and adjustment
- Designed for simple assembly and reinforcement in high-demand environments

Package Includes

- Containment rail, 60 in.
- (2) Trapezoid gusset brackets
- (4) Screws, 5/16-18

Specifications
