

Cable Exit Clip/Dropout Waterfall for Wire Mesh Cable Trays, 45 mm Wide

MODEL NUMBER: SRWBDROP

Metal cable dropout maintains a proper bend radius for copper cables that are routed down through the wire mesh cable tray in your data center.

Features

Ensures a Proper Bend Radius to Reduce Cable Stress and Keep Your Cable Tray Organized

This SmartRack® exit clip helps reduce bend-induced stress, pinching, pressure points and fatigue in your wire mesh cable tray system. It mounts to the cross member of the tray to route copper cables down through an opening in the wire. The SRWBDROP is 45 millimeters wide and snaps to the wires with no hardware needed. You can also snap adjacent exit clips into the tray to expand the width of your bundled cable drop.

Highlights

- Maintains a bend radius while dropping cables through the tray's wire mesh opening
- Keeps cables straight and organized when exiting or entering cable tray
- Fixed metal waterfall snaps into tray surface with no hardware required
- Made from resilient black powder-coated metal designed to last

Applications

- Bundle network or other copper cables along the wall, floor or ceiling of your data center
- Reduce stress, pinching, pressure points and fatigue while dropping cables through the bottom of the wire mesh cable tray

System Requirements

SRWB coupling accessory

Package Includes

- SRWBDROP Cable Exit Clip/Dropout Waterfall, 45 mm Wide
- Installation guide
