

Universal Coupler Kit for Wire Mesh Cable Trays, 50 Pack

MODEL NUMBER: SRWBUNVCPLR

Securely connects sections of wire mesh cable tray in an intersection or sweep in your data center or network closet.

Features

High-Resiliency Couplers Help You Create Custom Cable Management Schemes

The SmartRack® SRWBUNVCPLR includes 50 black powder-coated metal couplers, each with an M6 flange nut and M6 x 20 carriage bolt for easy installation with your wire mesh cable tray. By creating a secure connection point between two intersecting sections of cable tray in your server room or data center, these couplers help you create sweeps and 90-degree intersections that guide the direction of cabling to your liking.

Highlights

- Connects wire mesh cable tray sections in a ceiling, floor or wall installation
- Allows you more flexibility in routing custom cable management applications
- Made from resilient black powder-coated metal designed to last
- Includes 50 couplers, each with a mounting nut and bolt for quick installation

Applications

- Organize a wire mesh cable tray system with intersecting sections along the wall, floor or ceiling of your data center

System Requirements

SRWB sectional pieces

Package Includes

- (50) Couplers
- (50) M6 flange nuts
- (50) M6 x 20 carriage bolts
- Installation guide
