StartUp for Portable Air Conditioning Units 12-24K BTU

Commissioning with Unpacking; Installation and Startup (Normal Business Hours) for 12-24K BTU Air Conditioning Units in all 50 states. Includes: Travel and labor.

FEATURES & BENEFITS

Qualified commissioning of your cooling product prevents costly failures from an improper installation and ensures warranty qualification. Commissioning also confirms the system is set up to run with maximum efficiency and reliability.

- **Proper installation by qualified and approved service personnel**
Allows the cooling solution to perform to factory specifications, operate at full capacity and provide maximum availability.
- **Basic equipment training**
Provides the customer with important knowledge of operation, maintenance and corrective actions to address service issues.
- **Documentation of customer- and site-specific data**
Records the baseline operational data for the system, which is kept for continued reference throughout the product's service life.
