

120V Internal Battery Module for Tripp Lite SV-Series Small/Medium-Frame 3-Phase UPS Systems

MODEL NUMBER: **SVBM**

Internal battery module provides extended runtime for Tripp Lite SV-Series small/medium-frame 3-phase UPS systems.

Features

Gives Your Compatible Tripp Lite UPS System Extended RuntimeThe SVBM is compatible only with Tripp Lite's SV-Series small- and medium-frame 3-phase UPS systems with an open battery compartment. The 120V DC battery module is a set of four separately packaged battery trays, each with a pre-wired string of 10 internal batteries designed for easy and fast installation inside the compartment. Just slide the battery tray into the open slot and slide the module into the cabinet until the connectors make full contact. Then, secure the tray into place with the included screws.

One-Year Warranty and Environmentally Responsible DesignThe SVBM comes with a one-year warranty. It's manufactured in compliance with strict RoHS specifications, reflecting Tripp Lite's commitment to environmental responsibility.

Highlights

- Connects to compatible Tripp Lite 3-phase UPS systems for extended runtime
- Pre-wired and pre-assembled 120V DC batteries designed for fast, no-fuss installation

Applications

- Providing your compatible Tripp Lite UPS system with extended runtime

System Requirements

- Tripp Lite SV-Series small- or medium-frame 3-phase UPS system

Package Includes

- Ships as 4 separate packages, each labelled "SVTRAY" (4 SVTRAY = one SVBM)
- Each package includes 10 pre-installed and pre-wired internal batteries
- Installation hardware
- See UPS owner's manual for installation instructions

Specifications
