

## USB-A to USB-C Cable, USB 2.0, 3A Rating, USB-IF Certified, Thunderbolt 3, (M/M), 13 ft.

MODEL NUMBER: U038-C13

USB-A to USB-C cable connects a smartphone or other USB-C device to the USB-A port on your computer, wall charger or car charger.

### Features

**USB Type-A to USB Type-C Cable Connects a USB-C Mobile Device to Your Computer** This 13-foot USB Type-A to USB Type-C cable allows you to connect a device with a USB-C or Thunderbolt 3 port to a USB-enabled computer, charger, hard drive, hub or other peripheral for the purpose of charging, powering, syncing or transferring data. It is compatible with any device with a USB-C or Thunderbolt 3 port, including tablets, smartphones, MacBooks, Ultrabooks and Chromebooks.

**PD Charging Cable Charges Devices and Transfers Data at USB 2.0 Speeds** The USB Type-A to USB Type-C cable supports USB 2.0 data transfer speeds up to 480 Mbps. The Power Delivery cable also provides power output up to 3 amps (60 watts), which is more than sufficient for charging, syncing and powering compatible devices. The cable is backward compatible with previous USB generations, allowing you to use it with older equipment.

**Reversible USB-C Connector Attaches in Either Direction** Unlike traditional USB cables that connect in only one direction, the reversible USB-C male connector plugs into a USB-C or Thunderbolt 3 port in either direction for a fumble-free connection every time.

**USB-IF Certification Ensures Rigorous Testing and Top-of-the-Line Performance** This USB Type-A to USB Type-C cable meets the high standards of USB-IF (USB Implementers Forum, Inc.), a non-profit organization consisting of companies that developed the USB specification. Receiving USB-IF certification means the U038-C13 meets the industry's highest environmental, mechanical and electrical standards. It operates with your USB peripherals, adapters and cables with top efficiency and safety.
