

## USB-C Cable (M/M) - USB 3.2 Gen 2, Thunderbolt 3, 100W PD Charging, Right-Angle Plug, Black, 1 m (3.3 ft.)

MODEL NUMBER: U420-01M-G25ARA

USB cable with right-angle plug connects a smartphone or other USB-C device to the USB-C port on your computer, charger or power bank.

### Features

#### USB-C Cable Connects Devices for Charging or Transferring Data at 10 Gbps Speeds

This USB cable (M/M) is compatible with any device with a USB-C or Thunderbolt 3 port, including MacBook Pros, Chromebooks and Windows laptops. It allows you to connect your notebook computer to a docking station, your Apple or Android smartphone to a wall charger or power bank, or an external hard drive to a PC or tablet, to name just a few valuable uses for the cable. It supports USB 3.2 Gen 2 data transfer speeds up to 10 Gbps, which is twice as fast as USB 3.2 Gen 1.

#### PD Charging Cable Supports up to 100W for Syncing and Charging Mobile Devices

The Power Delivery cable provides power output up to 20V 5A (100W), which is sufficient for fast-charging, syncing and powering most large-capacity devices, including the MacBook Pro.

#### Right-Angle Plug Makes Connecting in Tight Spaces Easier

A space-saving right-angle USB-C connector is easy to install in confined spaces, such as behind your computer or workstation. The right-angle construction also helps relieve strain on the cable and connector and prevents the cable from bending awkwardly.

#### Reversible USB-C Connectors Attach in Either Direction

Unlike traditional USB cables that connect in only one direction, the reversible USB-C male connectors plug into a USB-C or Thunderbolt 3 port in either direction for an instant connection every time.
