

AirPort Express Remote Control

MODEL NUMBER: URM-17A

Description

This versatile infrared remote can be used in two ways...
Connect to USB Port on AirPort Express

- When used with AirPort Express the Express Remote provides a powerful way to locally control music being streamed from iTunes on a remote Mac or PC.
Connect to USB Port on a Mac or PC
- When connected directly to a Mac or PC, the Express Remote allows you to control audio and video media players on your computer in the same convenient way that you now control a TV or VCR. Use the Express Remote with MP3 players, DVD players, audio CD players, TV tuners, presentation software and more.

Features

- Sleek 17 button infrared remote transmits signals up to 40 feet
- Includes key maps for iTunes, MusicMatch, Windows Media Player, WinAMP, QuickTime, PowerPoint and other popular multi-media applications
- Simple control panel allows you to program the remote for use with additional applications
