

SERVICE PART NUMBER: **W11-ASSM-MDW-B**

## **On-Site Micro Data Center Installation Service, Wall-Mount Rack, UPS Up to 150 lb., USA, Normal Business Hours**

Deploying your micro data center has never been easier! Tripp Lite's on-site installation service builds a solid foundation for improved reliability, higher efficiency, reduced costs, enhanced safety, fewer repairs, quicker service and longer operational lifespan.

Professional service helps you verify and document the proper assembly and installation of your micro data center. It also establishes a working relationship between your organization and the Tripp Lite service team, which is essential for a successful long-term deployment.

### **FEATURES & BENEFITS**

Includes:

- On-site service during normal business hours for micro data center with wall-mount rack and UPS up to 150 lb.
- Travel and labor by Tripp Lite certified technician in USA (lower 48 states)
- Unpacking, inspection and assembly of standard micro data center kit components, including rack-mounting and power cord routing
- Confirmation that unit is securely wall-mounted and UPS is operational
- Log of serial numbers and locations to aid asset management

Important Notes:

- Customer must complete pre-work checklist before scheduling service
- Does not include electrical installation/wiring, load testing, packaging disposal or configuration of network management card/software
- Additional charges apply for installation of custom components, such as KVM switches, cooling and external batteries

See Statement of Work for more information.
