

## Safe-IT Clamp-On Monitor Riser - Antimicrobial Protection, 25.6 in. (65 cm)

MODEL NUMBER: WWSSCOS26AM

Desktop computer stand with antimicrobial protection lifts your monitor above your workstation surface to help ease eye and neck strain.

### Features

#### Monitor Riser Stand Lifts Your Screen for More Comfortable Viewing and Storage Space

This Safe-IT™ monitor stand riser is ergonomically designed to help ease strain in your neck and eyes at home, school or the office. By raising your monitor five inches (12.7 centimeters) above the level of your workspace, the WWSSCOS26AM provides better viewing closer to eye level. It also frees up valuable real estate on your desk, table or counter for storing important items you need within arm's reach.

#### Easy to Set Up in Just a Few Minutes with No Tools or Permanent Mounting Required

The WWSSCOS26AM assembles quickly using the included hardware and clamps to a flat surface up to 1.3 inches (3.3 centimeters) thick. It supports monitors, laptops, small printers and other devices weighing up to 44 pounds (20 kilograms). Heavy-duty C-clamps secure the riser in place, but still allow it to be easily moved to a different location if desired. Antimicrobial protection helps resist the growth of bacteria, viruses, fungi, mold and mildew.

## Specifications

OVERVIEW	
UPC Code	037332263391
Device Compatibility	Monitor/HDTV
Accessory Type	Monitor Stand
PHYSICAL
